

Private Burial

“In our gardens repose the remains of those that possess beauty without vanity, strength without insolence, courage without ferocity, and the virtues of man without his vices: our pets. ~ Lord Byron

How Old Are Pet Cemeteries?

Pet cemeteries are neither new nor a fad. They are as old as the Pharaohs of Ancient Egypt. Early Chinese emperors maintained a canine cemetery at Peking, with tombstones of marble, silver and gold. There are currently pet cemeteries throughout the entire world: Paris, Edenborough, London, Algiers and Russia.

Private Burials are for those desiring a more traditional resting place and the privilege of visiting their own pet's burial site. We offer quality caskets including the well-known Hoegh Pet Caskets and custom granite markers with many color choices.

To accommodate pets of all types and descriptions, we have special burial gardens available.

Calling Our Office

Because of the emotional circumstances surrounding the loss of a beloved pet, we at Bubbling Well feel that the advertising of prices—in the greatest majority of cases—does not serve to accurately inform; we ask those people who have made the decision to “traditionally” bury their pet to call us at: **(707) 255-3456 or toll-free at (800) 794-PETS**. A considerate and understanding representative will be on duty to answer your questions and help with all final arrangements. Your pet can be picked up at your local pet hospital or you may elect to bring them directly to us. Our office hours are:

Monday – Friday 8:00 a.m. – 4:30 p.m.

Saturday – Sunday 9:00 a.m. – 3:00 p.m.

Although the park is open for visitation 365 days a year, our office will be closed on major holidays.

Gardens

Bubbling Well features six different gardens from which to choose:

RIGHT: Our "Foothill Garden", named in recognition of the over 300 pets re-located from the former Foothill Pet Cemetery, is for smaller pets weighing less than 30 lbs. It is enclosed amongst a variety of ornamental hedges and stately cypress trees.

BELOW: Our "Olive Tree Garden" allows for pets of all types and sizes, with olive trees bordering one side, and native oaks and pines along the other.

BELOW: The Upper Garden areas include from left to right "Valley View," "Garden of Memory," "Garden of Honor," "Reserve Section" and "St. Francis Garden"

ABOVE: Our newest area is called the "Garden of the Meadows" and hosts a year-round running stream with two ponds featuring fountains.

BELOW: In our "St. Francis Garden", you may have your pet's remains scattered over the lawn and surrounding area. Many pet owners choose this when they decide not to keep their pet's ashes.

LEFT: Within our "Garden of Companionship", we have many sections, including "Gentle Giants" (for large breeds), "Champions" & "Kitty Kurve".

Saying goodbye to a beloved pet is never easy.

For over 50 years, Bubbling Well Pet Memorial Park has helped loving pet owners through this difficult time, ensuring that every pet is treated with the utmost dignity and respect.

Bubbling Well has provided cremation and burial services for pets of Northern California families who know us as one of the most trusted pet aftercare stewards in the greater Bay Area and beyond. We are honored to help you commemorate the life of your beloved companion and to cherish their memory for years to come.

Euthanasia, The Difficult Choice.

For a pet parent, no decision is more difficult than authorizing euthanasia. Yet, too often, this is the right choice for your pet. Your veterinarian is the best judge of your pet's physical condition—however you are the best judge of the quality of your pet's daily life.
